## **About Me**

**My name is Tord Månström, and I am a Full Stack Developer with a focus on .NET, C#, and web development. I have extensive experience in IT system sales, IT support, system analysis, and technical onboarding, as well as holding roles in sales and project management. I also have experience in photo and video editing, which I enjoy incorporating into my work with UI/UX design. I speak Swedish, English, Norwegian, and Spanish, and I am always eager to learn new technologies and development solutions.**

---
